Md Aquib khan

Data Science Engineer

As a pre-final year undergraduate student majoring in Computer Science, I am driven by a deep fascination for the world of data science. Equipped with a strong Python programming foundation and a content creation knack, I am eager to contribute my skills and knowledge to the field.

EDUCATION

Bachelor of Technology
University of Lucknow

2020 - 2024

Courses
- Computer Science and Engineering

Senior Secondary
Gahmar Inter College

2018 - 2020

Courses
- PCM

High School
Gahmar Inter College

2016 - 2018

WORK EXPERIENCE

Content Creator
E-Cell, Foet (University of Lucknow

02/2023 - 2024

Content Writer
Icy Tales

03/2023 - 03/2023

Campus Ambassador
Techfest, IIT Bombay

2022 - 2023

Campus Ambassador
EngineerHUB

03/2022 - 09/2022

Data Entry
A AND P LEGAL

02/2022 - 05/2023

SKILLS

HTML   CSS   PYTHON   C   SEO

Creative Content   Data Collection   Data Science

Strategic Communication

PROJECTS

Interactive Chatbot using Python (05/2023)
- The intelligence of Chatbot is a python based designed assistant to interact with users and provide automated responses to various questions.

Automatic Car Parking System (05/2023)
- Designed and implemented a robust system capable of accurately detecting and tracking vehicles, optimizing parking space allocation, and providing real-time monitoring. Successfully reduced parking time, enhanced efficiency, and improved user experience.

CERTIFICATES

Content Writer (03/2023 - 03/2023)
Successfully completed a one-week trail hunt internship by Icy Tales

Campus Ambassador (03/2022 - 09/2022)
Learned various strategies of communication through social media.

Campus Ambassador (2022 - 2023)
Get to know the various art of enhancing personal development and effective communication by conducting workshops and visiting to the campuses.

Python for Data Science (07/2023)
Learned a lot of things about python for implementing in data science.
